

The background is a repeating pattern of a forest scene rendered in watercolor. It features various shades of green, from light sage to deep forest green, and soft, misty white areas that suggest snow or fog. The trees are depicted in a simple, illustrative style, with some showing more detail than others. The overall effect is soft and naturalistic.

Enjoy!!

Hello and welcome to a fun way of journaling and capturing your memories! Please read before printing out your pages as I want you to have a great experience right away without having printing “mistakes!”

Printing instructions:

For borderless printers (printers that print all the way to the edges):

You can print the designs with the all-over patterns using the borderless setting. Those pages would usually be the cover page and others with patterns.

Do not use the borderless setting for the other pages, or the edges will likely be cut off.

For all printers:

Remember to indicate which page(s) you would like printed in the printer dialog box. (I had accidentally printed the entire set of pages when I only wanted to print one!)

Be sure to check the PRINT ENTIRE IMAGE box before printing! Otherwise, the edges will likely be cut off.

Please respect the following terms:

All downloads, free or paid, are for your personal use only. You may not let anyone else have access to the files downloaded. You may not sell any of the printouts. You may not use any parts of the files or printouts to create new products for sale.

You may print out and enjoy for yourself as often as you would like! (No need to “hoard” the journal cards or pretty pages as you can print those over and over again!) You also may print out and create journals for gifts... they will delight your friends and family! I hope that you will have many hours of enjoyment in creating and preserving your memories and in looking back through your journals over time!

I would love to hear about your experiences with using these journals and would appreciate any feedback. Do let me know if you have a specific wish for a page or card design in your journal. I may make an addition to the journal download! If you have ANY suggestions (big or small!) on how your experience with this kind of journals could be better, I would greatly appreciate hearing them. My goal is for everyone to have a fantastic experience with Memorable Journals, and I am always striving for ways to improve!
